

Message from Sarah-Jane Mills on behalf of NHS Lincolnshire West CCG

NHS Lincolnshire West CCG is working with Richmond Medical Centre to ensure the smooth transfer of patients from Crossroads Medical Practice on 1st April 2020. This includes supporting the practice to recruit additional staff, both clinical and administrative staff.

The Crossroads site will be retained by Richmond Medical Centre and will be known as the 'Village Site'. The Richmond surgery site will be known as the 'Moor Lane Site'. Patients registered with Richmond Medical Centre, either as existing patients, or new patients transferred from Crossroads, may be asked to attend appointments at either site. A range of services will be available at both sites.

If you have any questions, please contact **Nick Beck, Business Manager, Richmond Medical Centre.**
